Overall feedback

Hi Henri,

Thank you for your fair and accurate review. The student has done a solid job of getting their code to where it is which you have praised appropriately as well as highlighted aspects which stood out to you and which the student has excelled in. The improvements section was spot on in highlighting the error as well as outlining the reasoning behind it which gives the student a chance to improve their code and achieve a higher score.

Nice work here, Henri.

Kind regards,
Layne
